Dapitan sits on the Zamboanga Peninsula, an easy drive up the coast from Dipolog. Local markets are the place to shop if you plan to cook, and most produce is best bought in the morning. Rizal Shrine, where Jose Rizal lived during his exile, is the anchor sight in town and worth an unhurried couple of hours.

IF ANYTHING NEEDS TO CHANGE

Message me before making changes in the Airbnb app so your itinerary stays in sync. I have your full trip on file and will confirm in writing any time something moves.

The world is your oyster. We are your pearl.
