Loch Ness - Scotlands Most Famous Loch

Today we are travelling almost the full length of Scotland's most famous Loch !! We are searching for 'Nessie' or the Loch Ness Monster.

Camera's at the ready :)

Eilean Donan Castle

After leaving Skye via the Skye Bridge, we arrive at Eilean Donan Castle.

One of Scotland's most famous Castles, and certainly the most photographed.

The name **Eilean Donan**, or island of Donan, is most probably called after the 6th century Irish Saint, Bishop Donan who came to Scotland around 580 AD.

The Castle is magnificent and is steeped in history and legend. Great coffee and definitely a photograph or two!!

Isle of Skye Bridge & Kyle of Lochalsh

The Isle of Skye is connected to the mainland by a road bridge. Connecting the mainland village of Kyle of Lochalsh to the village of Kyleakin on Skye.

Since December 2004 the bridge has been free to cross for all, but it was not always this way. Now a famous Scottish landmark, the Skye Bridge is a spectacular sight.

Sligachan & the Black Cuillin

There's a little bridge in Sligachan on the Isle of Skye.

A small stream runs below it, and you can look up to a mighty mountain.

Many travellers would never think to stop there to have a look around. It's just another beautiful stream in the Scottish Highlands.

But that's because they don't know this water has the magical power to grant you eternal beauty.

Portree Village (Comfort Stop)

Traditionally a fishing village, Portree offers great coffee and views.

Trotternish Peninsula - Scenic Drive & Viewpoints

Scotland's Trotternish Peninsula on the Isle of Skye is a geological masterpiece.

Here, ancient landslides have formed a landscape that appears otherworldly. Jagged pinnacles balance atop hills that roll down into glimmering lochs, waterfalls tumble over cliffs and fossilised dinosaur footprints pepper the shore.

Trotternish holds jaw-dropping wonders and all of them can be seen on a mini road trip known as the Trotternish Loop.

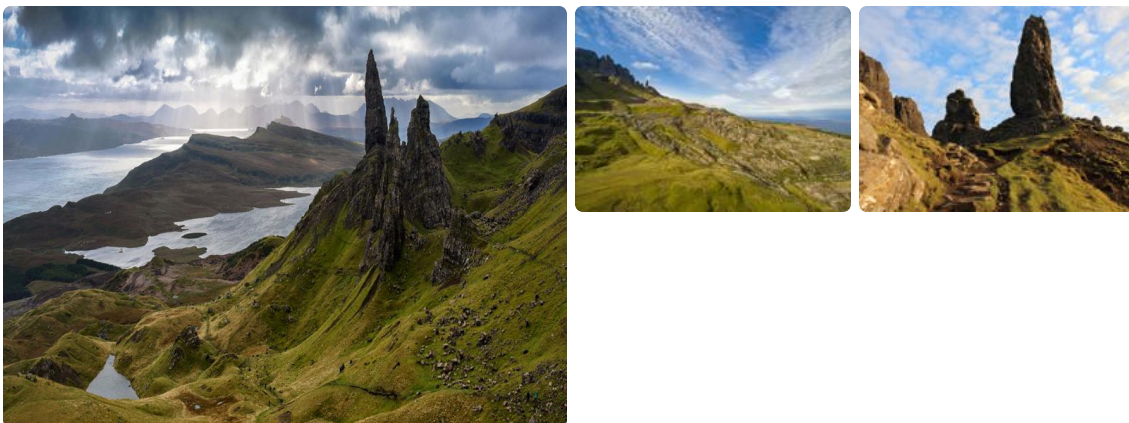

The 'Old Man of Storr'

The Old Man of Storr is a famous Skye landmark and a wonderful sight.

The Storr is a rocky hill on the Trotternish peninsula of the Isle of Skye. The hill presents a steep rocky eastern face overlooking the Sound of Raasay, contrasting with gentler grassy slopes to the west.

Skye is an island of legends and the Storr is no different.

Kilt Rock - Mealt waterfall

Mealt Falls was certainly one of those waterfalls with that "Wow!" factor. Stunning falls on the Trotternish Peninsula of Skye. Trotternish or Tròndairnis is the northernmost peninsula of the Isle of Skye

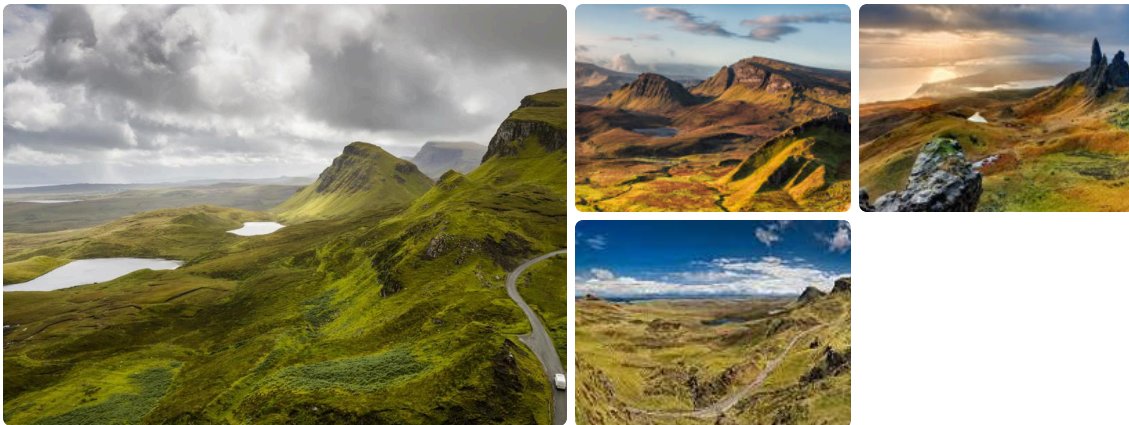

The Quiraing

An essential view point for any visitor to Skye and some of the most spectacular landscapes in Scotland. A fairy tale landscape!

As part of the Trotternish ridge it has been formed by a massive landslip which has created high cliffs, hidden plateaus and pinnacles of rock.

A true wonder and incredible views.

The Fairy Glen

Many believe 'faeries' are still with us, just out of sight, behind a thin veil of mist. Standing here, immersed in the mystery of the "Fairy Glen" it is easy to see why this unique corner of Skye still holds a magical charm.

A short walk into the Fairy Glen is fun hike, and takes around 30 minutes.
