We can't wait to meet you!

Many thanks for booking your tour with us – here's some handy tips;

Your Booking

Please remember to **note your reference number** on your phone (to save paper). You can also use this to redeem £2 off your next tour too! Either use your reference number in the promo code box at checkout when you book online, or call our team to redeem over the phone.

Your Tour

Your tour begins at the Mercat Cross, a large, eight-sided monument on the Royal Mile, just downhill from St Giles Cathedral and directly across from the City Chambers, postcode EH1 1RF.

Precise What3Words location: ///spit.music.hung

We like to make sure that your guide has plenty of time to meet you, so please be at the Mercat Cross **15 minutes before your tour starts**. It also helps ensure your tour begins promptly.

Your Comfort

To enjoy a fully immersive experience, we'll provide a personal audio device and headphones (which are cleaned after every use). Your Storyteller will use a headset with microphone to ensure you hear every word over the hustle and bustle of Edinburgh's lively Old Town.

To help you enjoy your tour we can provide portable stools. Simply contact us in advance and we'll have it ready at the Mercat Cross to start your tour in comfort.

Your Ticket

We're happy to be flexible and help if plans change - we can transfer your ticket to a better time up until 24hrs before your tour, dependent on availability. Please remember your tickets are non-refundable and not transferable within 24hrs of your tour.

Your Journey

There are plenty of green ways to travel to us. Please see our [website](#) for more information on getting here and luggage storage.

FAQs

If you have any further questions, please see our [FAQs](#) page or contact us.

Your Donations

Stories are powerful and make connections between people, places and the past. Sadly, some people have lost that connection.

Those in vulnerable communities can feel cut off from their city and their stories. Donate now to support and benefit from this first-of-its kind '[Our Stories, Your City](#)' project. We can all help reconnect the disconnected.

'History is a damn good story, what it needs is a damn good telling'
